PROFESSIONAL EXPERIENCE

United States Postal Service | Tampa, FL **Jan 2026 - Jul 2026**
City Carrier Assistant (CCA)

- Sorted, prepared, and delivered mail and packages while maintaining accuracy, security, and timely service across assigned routes.
- Adapted quickly to changing routes, workload demands, schedules, and customer needs in a high-volume environment.
- Used mobile delivery technology and route information to document deliveries, track accountable items, and support daily operations.

Commercial Residential Aluminum (CRA) | Florida **Mar 2024 - Nov 2025**
Service Department - Customer Service

- Supported customers by phone, email, and in person, explaining service processes and helping resolve repair and scheduling concerns.
- Managed service work orders, maintained accurate digital records, and coordinated information between customers, technicians, and supervisors.
- Tracked open issues and documentation to help keep service requests organized and moving toward resolution.

Paradies Lagardere | Tampa, FL **Aug 2023 - Nov 2025**
Sales Associate

- Delivered customer service in a fast-paced airport retail environment while processing transactions accurately through point-of-sale systems.
- Supported inventory, merchandising, restocking, price checks, and product presentation while collaborating with team members to meet daily needs.

ERA Solutions / WPConnects | Remote **Jan 2023 - Apr 2023**
WordPress Developer Intern

- Built and maintained WordPress projects using HTML, CSS, cPanel, database setup, GitHub, SEO practices, and Agile/Scrum workflows.
- Gathered requirements, prioritized tasks, debugged issues, and supported project life-cycle activities from setup through testing.
- Worked with mentors and team members to translate user needs into manageable objectives, site features, and documented outcomes.

United States Army | Multiple Locations **Jul 2003 - Jul 2023**
Logistics, Operations & Leadership

- Planned and tracked movement of more than 300,000 tons of equipment and supplies and coordinated 120+ movement requests across the United States.
- Developed and managed inventory and quality-control tracking for equipment valued at more than $6 million, improving visibility and accountability.
- Analyzed logistics and operational data, prepared reports, coordinated resources, and developed solutions to prevent mission and supply disruptions.
- Served in leadership, instructor, legal-support, prevention, and equal-opportunity roles requiring confidentiality, policy compliance, documentation, training, and coordination across teams.
- Trained and mentored personnel, maintained SOPs and records, and communicated procedural changes to leaders and staff in high-accountability environments.

EDUCATION & PROFESSIONAL DEVELOPMENT

Bachelor of Science, Web Development | Full Sail University | 2026
